LUCA LOOSER
2022-20836-T3 Microeconomics I

Project Title: **G&M_Teaching assessment of the third quarter of the 2022-2023 course**

Courses Audience: **51**	Instructors Audience: **51**
Responses Received: **10**	Responses Received: **10**
Response Ratio: **19.6%**	Response Ratio: **19.6%**

Report Comments

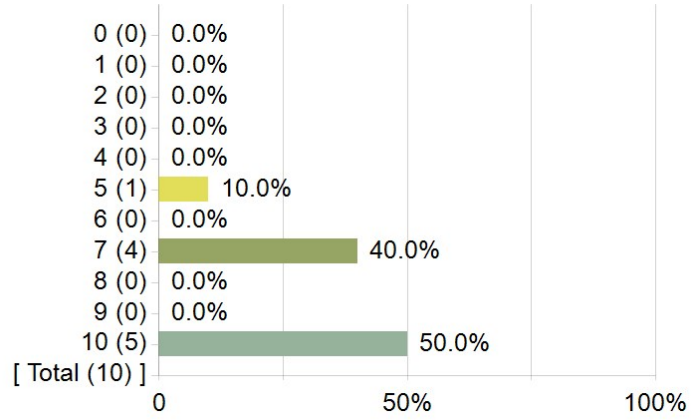

This report shows:
1. The assessment of subject-group
2. The reliability assessment
3. The student's comments regarding the subject-group
4. The teacher's assessment
5. The student's comments regarding the teacher
6. The subject-group assessments compared with the average assessments by Study and by Department.
7. The teacher's assessments compared with the average assessments by Study and by Department.

Creation Date: **Wednesday, July 26, 2023**

1. Assessment of subject-group issues

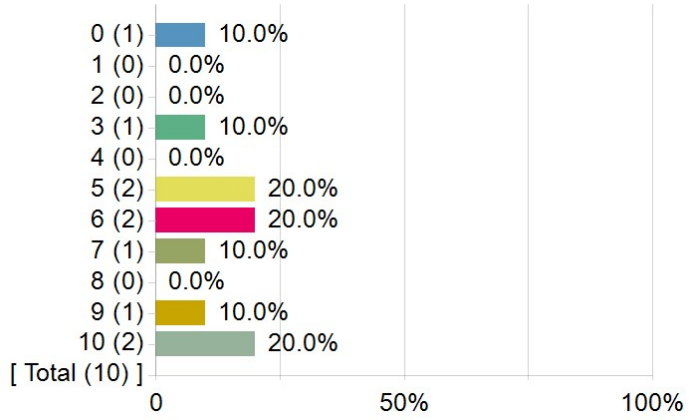

In this section appears the assessments of the questions related to the subject-group. The assessment is made on a scale from 0 to 10, where 0 is “Strongly disagree”, and 10 is “Strongly agree”. On the axis of the graphic the score is indicated and, in parentheses, the number of responses for this value.

1. The contents taught within the subject and the competencies worked are adjusted to what the teaching plan says.

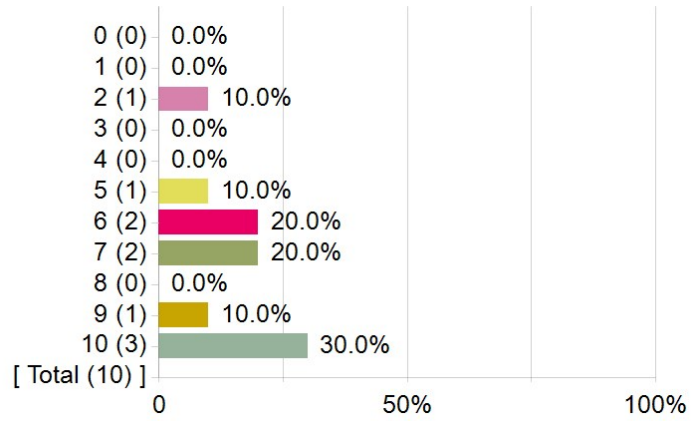

Statistics	Value
Mean	8.3
Standard Deviation	1.9

2. The teaching methodologies used (design of class sessions, activities to be carried out by students, and teaching materials used) have helped me in the learning process.

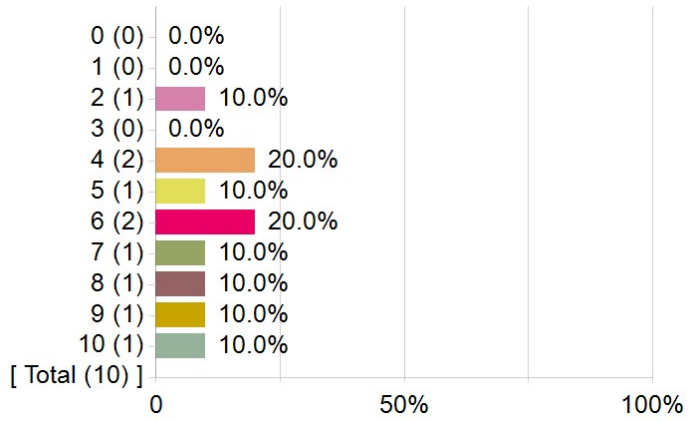

Statistics	Value
Mean	6.1
Standard Deviation	3.1

3. The volume of work required is adapted to the credits of the subject.

Statistics	Value
Mean	7.2
Standard Deviation	2.6

4. In general terms I am satisfied with this subject.

Statistics	Value
Mean	6.1
Standard Deviation	2.5

2. Reliability assessment

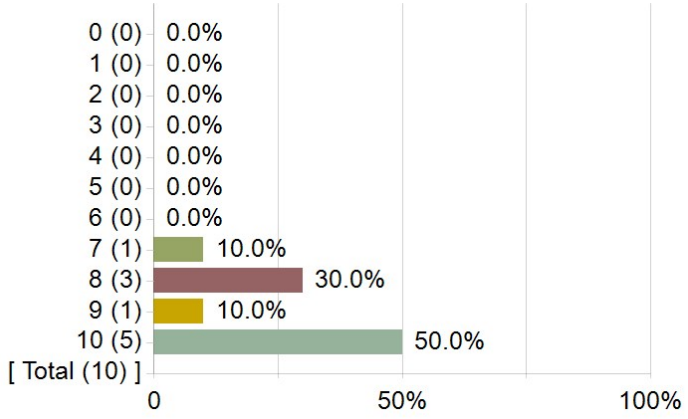

Below is the level of reliability of the assessments obtained in the questions referred to the subject.
The reliability assessment is a calculation that takes into account the size of the group and the participants in the survey.

With 10 responses from a survey population of 51
the data presented in this report is considered to be **Insufficient**
Number of responses needed to be considered sufficient: 15
Number of responses needed to be considered good: 31

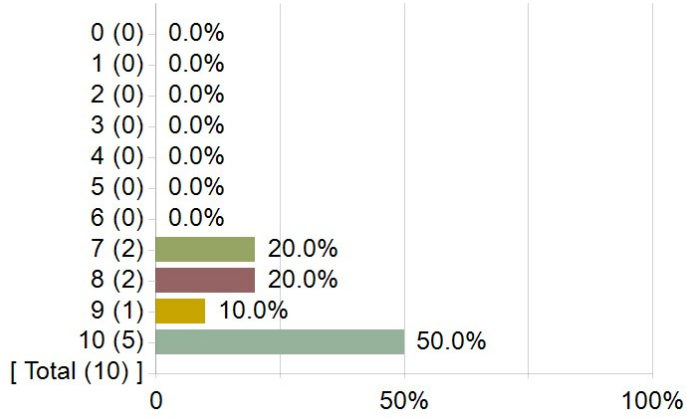

4. Assessment of LUCA LOOSER

In this section appears the assessments of the questions related to the teacher. The assessment is made on a scale from 0 to 10, where 0 is “Strongly disagree”, and 10 is “Strongly agree”. On the axis of the graphic the score is indicated and, in parentheses, the number of responses for this value.

5. The teacher has adequately fulfilled their teaching obligations (teaching plan, punctuality, attention to students, etc.)	6. I am satisfied with the teaching received.

Statistics	Value
Mean	9.0
Standard Deviation	1.2

Statistics	Value
Mean	8.9
Standard Deviation	1.3

5. Comments regarding LUCA LOOSER

This section shows the comments that students have made regarding the teacher

Comments
Molt bona docència, conceptes clarsm entenedors i que faciliten l'estudi de la matèria.

6. Comparison of subject-group assessment with average assessments by Study and Department

This section shows the assessments obtained by the subject-group compared to the average assessments by Study and Department.
